

## Collapsed Domes

*You try to enter the giant domes of a landmark via its shattered and partially collapsed roof, which forces you to look carefully before treading on the glass panels.*

Note: All answers are at least 5 letters long and strings shorter than that can be ignored.

You can choose to use the [grid on this webpage](#) purely as an editable and shareable grid during solving.

Note this editable grid only shows the highlighted cells from the image above but without the given numbers, and you should refer back to this actual image for your solving.

- ① The process of making something become pure (8)
- ② A carton will often have more than one \_\_\_\_\_ (9)
