

## Hidden Nest

*Trekking through the mountains, the party encountered a nest hidden against the rockface. What they found in the nest were a little different from what they had expected — things which looked more like acorns.*

A runaway fall guy

Astonishing to the extent that one lets go of a glass container

Burst of activity or speed that was not planned in advance

Campsite flames for gathering around, uniting and building social relationships

Finely shredded raw cabbage salad, served chilled

Informal saying that means made you angry, like a male goose

Insect with enlarged adapted forelegs used for hunting for food

One that stirs up the masses of revolutionaries

Shouting out a list of characters at a film set to establish who is present

Slice through the unimportant bits and get directly to the essential curds

Small headphones worn for auditory perception

Superstitious legend passed down by seniors with knowledge

The vertebral nerves of a round Mr. Men, perhaps

To develop sharper instincts on a target and move directly towards it

Trick to make another feel culpable of some wrong

Unrestricted liberty of action or decision, for a ruler

What one deserves, specifically only the sweet post-meal courses

What one might use to address the man in the family
